2. On April 26, POL FSN made an unannounced visit to Yothin. The business is located in a four-story concrete building in a busy shopping area. There were six employees at work at the time of the visit. No guns were displayed in the shop window but were stored in a safe and made available for inspection. The shop does not have a CCTV system, security guard or iron bars on the windows. The showroom is on the ground floor of the building and living quarters are on the second floor.

The safe has three locks and was custom installed on the ground floor. It measures 180cm x 130cm x 70 cm. After hours, the shop is sealed with a roll-down iron gate.

POL FSN was shown around the office by Mr. Thitithon and introduced to Mr. Thanaphon and Mr. Suthep. They answered the questions provided in reftel as follows:

--Thitithon and Thanaphon confirmed the February receipt of the lot of weapons outlined in reftel. Most of that lot has already been sold. This lot and its import permit originally belonged to Ms. Priyanut Ninrit, who owns a shop in Surin Province in NE Thailand. The permit is numbered 1/2549, dated November 10, 2006 to expire on November 9, 2007. The permit was presented to POL FSN and is as described in reftel. The permit was legally transferred to Yothin with a seal of approval signed by Muang Surin District Chief Mr. Suphon Limangkun. (Note, it is normal legal practice in Thailand for shops in small markets to sell or contract firearm import permits to larger concerns so long as the transfers are approved by the authorities.)

--The Company was established in October 1968. It is family run. Mr. Phiraphon and Ms. Yuwadi are married and the

parents of Mr. Thitithon and Mr. Thanaphon. Thitithon and Thanaphon took over the business in 2003. The shop has valid possession and firearms sales permits issued by the Department of Provincial Administration, Ministry of Interior, No. 178/2549, dated October 2, 2006 to expire on October 1, 2007.

Yothin's purchase order no. YT-019/06 to the RSR Group, Inc. was presented and is as described in reftel.

--The purpose of the business is to import and sell firearms and gun accessories. Yothin sells both handguns and rifles. The shop sometimes serves as a broker for other shops. Yothin manages seven other gun shops all owned by the same family. The company maintains a commercial link with over 20 gun shops nationwide.

--The typical customers includes law enforcement officers, sportsmen, civil servants, gun collectors and private citizens. All customers are required to present a gun purchase permit issued by the Department of Provincial Administration in Bangkok or by District Chiefs outside the capital. The shop maintains a ledger of customer names and permits but has no computer files. Yothin has never sold weapons to foreign nationals.

--POL FSN inspected large, hard-bound ledgers with appropriate records of all customers. The Department of Provincial Administration and related District offices maintain the same information. Yothin normally keeps records 7-10 years but the state agencies keep records permanently.

--The employees were familiar with USML restrictions, particularly those against unauthorized re-transfer.
